### **MAJESTIC MR. MAX THE TUXEDO CAT INSPIRES YOUNG READERS TO EXPLORE THE OUTDOORS AND MAKE NEW FRIENDS**

National (September 9, 2025) - Have you ever wondered what a day in the life of a cat might look like? You can find out in author Bob Romph's new children's book, *Meet Mr. Max*, published by Warren Publishing. Written for his granddaughter and inspired by his own feline companion, Romph's cute and cuddly book offers a glimpse into the life of a tuxedo cat named Max and his eventful day out on the town. His book encourages young readers to get outside, spend time with the people they love, and make the most of each day.

The initial inspiration for drafting *Meet Mr. Max* was to make a coloring book for his granddaughter. But Romph soon found that the story took on a life of its own and became so much more. Wanting to create a story that felt familiar to her, Romph based the book off his cat, Max. From the beginning, Romph's goal has been to emphasize the importance of the time you have in a day and putting it to value. He wished to create "an encouraging sense [to] 'get out and do something.'" *Meet Mr. Max* helps little ones who are just beginning to develop their reading skills. It incorporates repetition, fun sounds, and prepositional phrases to assist with development of reading and pre-reading skills. And in the end, Romph also fulfilled his initial objective—*Meet Mr. Max* is also available as a coloring book!

Anyone who knows tuxedo cats is aware of their most infamous traits: intelligence, adventurousness, and a knack for being well-dressed. Readers will find that Max is each of these things and more. Clever Mr. Max uses his intelligence to navigate around town and travel safely, looking both ways before he crosses the street and stopping home for meals to

stay energized. His curiosity leads him on all sorts of adventures—from swimming in a neighbor's pool to snoozing in his favorite napping chair to getting chased down by a dog. Max's playful personality makes him a lovable protagonist who will engage readers.

A child's play time is precious and can turn into core memories. Romph plans on helping his readers and grandchildren create new adventures through his soon to be continued series, the Adventures of Mr. Max. *Meet Mr. Max* is the perfect tool for parents wanting to teach young children early reading skills and the importance of making the most of their days with the people they care about.
